# The Bonnewitz Gardens

Van Wert, Ohio

## COLLECTION OFFERS

*H*ITH our last Garden Notes, we included a "Request" to all of our friends asking them to send us a list of the Peonies in which they were most interested, and which they hoped at some time to purchase.

Fortunately for us, we have many of the varieties they would like to own, and we are offering them in collections at such very low prices that we are sure many peony lovers will want to procure them this season.

These collections are especially for Bonnewitz customers, who know by experience that two-eye divisions, properly planted and cultivated, will make excellent garden plants in two years.

Each plant in these collections will have at least two good eyes, and will be healthy and true to name.

### ALICE HARDING COLLECTION A
